

Greetings:

The next meeting of the Almanor Basin Fire Safe Council will be held at

9:00 am
Wednesday, October 12
West Almanor Fire Hall

which is located on Long Iron Drive at Lake Almanor West. This will be our first autumn meeting after our usual summer hiatus, so we will plan to begin with a quick recap from participants on significant events during the summer months. Other agenda items will include:

- CDF "Defensible Space 2005" guidelines, which reflect the January change in state law and describe ways of complying with that change
- An educational campaign to assist homeowners dispose of residential yard debris with minimum smoke
- Status of the campaign to place warning stickers on electrical breaker panels of structures having standby generators with automatic switchover devices
- Status of the Canyon Dam hazardous fuels removal (HFR) project on Plumas National Forest lands

If there are other agenda items that should be added, please contact me at your earliest convenience, either by e-mail or by phone at 259-2287. Hope to see you on the 12th!

- Dale Knutsen, Chairman
