

PRESS RELEASE

Plumas County Fire Safe Council Meeting 12/10/09

The Plumas County Fire Safe Council cordially invites all County citizens to participate in their regularly scheduled monthly meeting to be held on Thursday, December 10, 2009 at the Plumas County Planning & Building Services office, from 9:00 to 11:00 AM. The Planning & Building Services office is located at 555 Main Street in Quincy.

At the meeting the Council will be discussing progress on wildfire mitigation grants that provide for wildfire education, fire planning, hazardous fuel reduction, and implementation of the Community Wildfire Protection Plan.

Fire season 2009 is over. Again this year we experienced a wildfire threat to one of our communities but aggressive actions by USFS initial attack forces contained the fire early. Thankfully, overall fire activity in Plumas County was light this year when compared to prior years.

Fire Safe Council members want to extend their best wishes for a safe holiday season to all County residents and their families.

In 2010, the Council will continue to work aggressively with the citizens, businesses, communities and representatives of local, state, and federal government agencies, towards mitigating impacts from wildland fires. The mission of the Fire Safe Council is: ***“To reduce the loss of natural and manmade resources caused by wildfire through Firewise Community programs and pre-fire activities.”***
