

## PRESS RELEASE

### **Fire Safe Council says thanks to emergency personnel for commendable efforts**

Fire season 2012 is finally over even though some in Plumas County wondered if it would ever end. Members of the Plumas County Fire Safe Council wish to express their appreciation to all of our volunteer fire departments, law enforcement, emergency responders, local USFS and Cal Fire personnel and all of those who came from across the nation to assist us, for your outstanding efforts in saving our communities from destruction by wildfire.

The Plumas County Fire Safe Council cordially invites all County citizens to participate in their regularly scheduled monthly meeting to be held on Thursday, December 13, 2012 at the Plumas County Planning & Building Services office, from 9:00 to 11:00 AM. The Planning & Building Services office is located at 555 Main Street in Quincy.

At the meeting the Council will be discussing progress on implementing the Community Wildfire Protection Plan and an update on active wildfire mitigation projects.

The mission of the Fire Safe Council is: ***“To reduce the loss of natural and manmade resources caused by wildfire through Firewise Community programs and pre-fire activities.”*** In 2013, the Council will continue to work aggressively with the citizens, businesses, communities and representatives of local, state, and federal government agencies, towards mitigating impacts from future wildland fires.
