

## **PRESS RELEASE**

### **Plumas County Fire Safe Council Meeting 4/10/08**

The Plumas County Fire Safe Council (PC FSC) cordially invites citizens to participate in their regularly scheduled monthly meeting to be held on Thursday, April 10, 2008 at the Plumas County Planning & Building Services office, from 9:00 to 11:00 AM. The Planning & Building Services office is located at 555 Main Street in Quincy.

At the April meeting, there will be discussions on HFQLG projects planned by the Lassen and Plumas National Forests around Plumas County Communities at Risk, status updates of PC FSC grant funded wildfire mitigation activities that provide for implementation of the Community Wildfire Protection Plan, and election of Board Officers.

Brian West, Council Chair, invites interested residents in the County to become a member of the Council and work towards preventing the loss of life and minimizing the loss of property from wildland fires. The Plumas County Fire Safe Council is a coalition of citizens, businesses, and representatives from local, state, and federal government agencies. The mission of the Fire Safe Council is: "To reduce the loss of natural and manmade resources caused by wildfire through pre-fire activities."

Everyone in Plumas County is welcome to become a member of the Council. To further participation, PC FSC is complying with the American Disabilities Act (ADA) by making every reasonable attempt to accommodate any attendee or participant at our meetings needing special assistance beyond what is normally provided. Please contact the John Sheehan at 530-283-3739 at least 5 business days prior to a scheduled meeting to inform us of your particular needs and to determine if accommodation is feasible.
