

## PRESS RELEASE

### **Council Announces Meeting and Seeks Communities To Become Firewise**

The Plumas County Fire Safe Council (PC FSC) cordially invites citizens to participate in their regularly scheduled monthly meeting to be held on Thursday, June 13, 2013 at the Plumas County Planning & Building Services office, located at 555 Main Street in Quincy, from 9:00 to 11:00 AM.

The Council continues to seek communities interested in working together to become a Firewise USA Community and work together to develop wildfire mitigation activities to protect their homes and community. There are presently 3 Firewise Communities in Plumas County and two more seeking status. Current recognized County communities range from a small homeowners association up to a fire protection district. PC FSC can assist interested communities in the application process, community assessment and help develop an action plan for mitigation activities. For more information on becoming a recognized Firewise USA visit our website [www.plumasfiresafe.org](http://www.plumasfiresafe.org) and click Links tab, then National and then Firewise.

The Plumas County Fire Safe Council is a coalition of citizens, businesses and representatives from local, state, and federal government agencies, which share a common interest in preventing loss of life and minimizing loss of property from wildland fires. The mission of the Fire Safe Council is: ***“To reduce the loss of natural and human made resources caused by wildfire through Firewise Community programs and pre-fire activities.”***

For more information on our Council and fire safe information, visit our website or contact the Coordinator by email to [coord@plumasfiresafe.org](mailto:coord@plumasfiresafe.org).
