PUC Prescribed Fire Costs and Ranking

Expected costs for a landowner hosting PUC volunteers on a prescribed fire:

- Mobile beverages and food for all volunteers
- Air quality permit (Approx. \$70-\$140)
<http://myairdistrict.com/index.php/burning-info/open-burning/>
- Donation (\$250 per day per engine recommended) for volunteer fire department participation
- Donation to PUC according to table:

Burn area	Cost per acre
1-5 acres	\$25
6-10 acres	\$20
10-20	\$15

- Burn boss: at landowner's discretion

If you borrow equipment offered by PUC members, you provide:

- Non-ethanol fuel for small engines
- Mixed fuel for torches (65% diesel:35% gas)

Burn projects will be prioritized based on:

- Participation by the landowner in previous PUC activities
- Unit preparedness

All PUC burns will require*:

- Basic burn plan
- Prepared unit
- Necessary permits
- Agency and neighbor outreach

*PUC assistance available

As a host of a planned PUC prescribed burn, I have read and acknowledge the above requirements and recommended reimbursement rates.
